Sir,

I am writing to express my interest in any available internship or entry-level position in the field of Information Technology within your organization. As a current Bachelor of Science in Information Technology student at Bukidnon State University, I am eager to apply the technical knowledge and hands-on experience I have gained through academic projects and a student role at Byte Serve Technologies.

Throughout my academic journey, I have developed skills in technical support, basic networking, web development (HTML, CSS), and database management using MySQL. I have experience troubleshooting computer systems, assisting users, and maintaining IT infrastructure. These experiences have strengthened my problem-solving abilities and my commitment to delivering user-focused solutions.

I am highly motivated, a fast learner, and passionate about continuous growth in the IT industry. I believe that joining your team will allow me to further enhance my skills while contributing positively to your organization's goals.

Attached is my résumé for your review. I would be grateful for the opportunity to discuss how my background aligns with your needs.

Thank you for your time and consideration. I look forward to the possibility of contributing to your team.

Very truly yours,

Yuri Neil Bayron
